

Beaumont, Texas

UnitedHealthcare Options
a Preferred Provider Organization (PPO)

Spring/Summer 2009

SSPPO30-587

Welcome!

We're glad you have chosen UnitedHealthcare for your health coverage. We want to help you take control and make the most of your health care benefits. Here are a few suggestions and reminders to help you get started.

It is important that every individual establish a relationship with a physician to facilitate easier access to care, should the need arise. Establishing a relationship has proven to improve access to care when you do need it and helps promote continuity in your health care.

Remember that your choice of a physician or other health care professional is your own. We will provide you with information to help you make informed choices, such as physicians' and health care professionals' credentials, range of services offered, fees they charge and performance on quality measures and surveys. But, this information is not an endorsement of a particular physician or health care professional's suitability for your needs.

Typically, you will have lower out-of-pocket expenses by visiting a physician or health care professional who participates in our network. These physicians and health care professionals have contracted with us to provide financial discounts and participate in programs that may facilitate and enhance your health care experience. You can find the most up-to-date information about participating network physicians and health care professionals by consulting our online directory at **www.myuhc.com**.

This is Your UnitedHealthcare Directory of Physicians and Health Care Professionals

This directory lists physicians and other health care professionals, hospitals and clinics — that offer services to UnitedHealthcare members enrolled in our Options PPO health plan.

Our network is always evolving, so once you've chosen the doctor, other health care professional or hospital you'd like to visit, we recommend you go online to www.myuhc.com. Here, you will find the most up to date information about participating network physicians and health care professionals, including credentials, maps and directions, comparisons of hospitals based on quality of care, and various other resources designed to help you make informed decisions about your medical care. Since frequent updates are made to myuhc.com, you'll also find physicians and other health care professionals who have recently joined the network, but are not yet listed in this directory. If you do not have access to the Internet, or to verify any doctor or hospital's participation in the network, you can call Customer Care at the toll-free number shown on your UnitedHealthcare ID card.

This directory also contains information about the hospital admitting privileges that each network doctor enjoys and it identifies which of the network physicians are multilingual.

Please note that the purpose of this directory isn't to provide you with information about your policy. For information about your health care coverage, and to help you make the most of it, please refer to your Certificate of Coverage, Summary Plan Description or go to www.myuhc.com.

You Make the Decisions

When it comes to medical treatment, UnitedHealthcare keeps the decision making where it belongs — in the hands of patients and their doctors. As part of our innovative approach to health care coverage, we've dramatically reduced the number of procedures that require doctors or other health care professionals to notify us in advance. That means in most cases, once you and your doctor decide on a course of treatment, you can simply proceed.

First Things First — Choose Your Doctor

Once you've enrolled as a UnitedHealthcare Options PPO member, you may select a physician — the doctor you will see for checkups and preventive health care. You can locate physicians in our network by using "Find a Physician" at www.myuhc.com. Some doctors in our network may not be accepting new patients. So to make sure that the physician you select is accepting new patients, please contact his or her office directly.

You can choose any physician in our network without a referral. This is called Open Access — it gives you the freedom to make your own health care choices. If you have family members who are covered by your policy, they can either see your doctor or choose their own. Individuals enrolled in UnitedHealthcare Options PPO have the additional option of selecting a doctor outside our physician and health care professional network, but at a somewhat higher out-of-pocket cost.

It is important to note that you benefit by choosing physicians in our network. They submit claims on your behalf and they offer discounts on the services they provide to you. As a result, your benefit dollars go further and you don't have to worry about filing claims. They receive direct reimbursement for covered services from UnitedHealthcare. You are responsible for applicable copayment, deductibles, coinsurance and charges for non-covered services, either at the time of service or when you receive a bill - depending on your physician's payment policies.

Remember that your choice of a physician or other health care professional is your own. The information provided in this directory is not an endorsement of a particular physician or health care professional's suitability for your needs.

Common Types of Physicians:

Family practitioners and general practitioners are doctors who provide a broad range of medical care for all family members.

Internists, or internal medicine physicians specialize in the diagnosis and treatment of disease in adults.

Pediatricians are doctors who specialize in health care for children from birth to approximately age 16.

Obstetricians/Gynecologists (OB/GYN) are doctors who specialize in health care for women.

Our Network Meets Credentialing Standards

Before being accepted into our network, every physician and health care professional — from doctors and therapists to labs and hospitals — is evaluated by UnitedHealthcare. We review physicians' and health care professionals' credentials, using standards developed with national accrediting agencies. All education, training and licensing information is verified with the appropriate public, government and private agencies. Finally, each practitioners qualifications are reviewed by a panel of medical experts to ensure that they meet the highest standards of training and experience.

- Network hospital-admitting privileges

- Medicare and state regulatory agency sanctions

- Appropriate professional liability insurance

Hospitals Are Screened For:

- Accreditation

- Medicare certification

- Required state licenses

- Appropriate liability insurance

Seeking Care From a Specialist

You can see a specialist within our network without a referral. **Specialty physicians listed in this directory may offer services that are not covered services within your benefit plan.** Please check your Certificate of Coverage or Summary Plan Description for detailed information about your benefits. Your benefits may vary, including the amount the plan or employer covers as well as the portion that is your responsibility.

Changing Your Physician

If you'd like to choose a new physician for any reason, you may do so at any time.

Using UnitedHealthcare Options PPO to Get Services Outside Our Physician and Health Care Professional Network

If you're covered under UnitedHealthcare Options PPO, you may select a physician or health care professional who is outside our network. However, when you visit a non-network physician or health care professional, please keep the following in mind:

Your out-of-pocket costs will be higher.

You'll need to file a claim. Refer to your Certificate of Coverage or Summary Plan Description to learn how.

You may be required to notify us for hospital stays and certain out-patient procedures.

Signs of an Emergency

Symptoms that can signal an emergency can include, but are not limited to:

Difficulty breathing

Bleeding that can't be controlled with local pressure

Sudden change in mental status such as unusual behavior, confusion or decreased alertness

Sudden severe pain anywhere in the body

Vomiting blood

What to do in an Emergency

Call 911 or go to the nearest hospital emergency room.

Notify your physician as soon as possible.

Notify UnitedHealthcare within 24 hours or as soon as reasonably possible.

What is Urgent Care?

Illness and injuries that are of a less serious nature than an emergency may require urgent care. Urgent Care Centers are usually open evenings, weekends and holidays and are designed to give patients fast, effective service. Urgent Care Centers commonly treat conditions like:

Minor injuries and cuts

Upper respiratory infections

Ear infections

Sprains

Sore throats

Urinary tract infections

A list of Urgent Care Centers available in your network is printed in the back of this directory in the section entitled Other Health Care Professionals (OHCP).

An Opportunity to Save

Although emergency medical conditions should always be evaluated and treated at a hospital Emergency Department, going to an Urgent Care facility will save you money for non-emergency care. Most plans have a lower copayment when you visit an Urgent Care facility as opposed to a hospital Emergency Room.

Transplant Services

UnitedHealthcare provides access to a transplant benefit program. This gives you access to a network of transplant programs located at medical centers around the country. These centers have shown clinical excellence in the field of transplantation. Access to this network provides individuals with an opportunity for the best transplant outcomes available.

Getting Prompt Answers to Your Questions

As a UnitedHealthcare member, you can get fast, secure answers to your questions about the network of physicians and health care professionals or your benefit coverage. Just go to myuhc.com for information that is specific to your plan or follow the instructions provided by your employer. Or, you can call Customer Care at the toll-free number shown on your UnitedHealthcare ID card.

UnitedHealthcare Options PPO Beaumont, Texas Service Area

Last Update: 15-May-2007

Not all ZIP codes within counties may be included in the service area.

★ Displays approximate location of hospital based on ZIP Code.

The service area includes the following counties:

Member Rights and Responsibilities

You have the right to:

- Be treated with respect and dignity by UnitedHealthcare personnel, network physicians and other health care professionals.
- Privacy and confidentiality for treatments, tests or procedures you receive.
- Voice concerns about the service and care you receive.
- Register complaints and appeals concerning your health plan or the care provided to you.
- Receive timely responses to your concerns.
- Participate in a candid discussion with your physician about appropriate and medically necessary treatment options for your conditions, regardless of cost or benefit coverage.
- Be provided with access to physicians, health care professionals and other health care facilities.
- Participate with your physician and other health care professionals in decisions about your care.
- Make recommendations regarding the organization's member's rights and responsibilities policies.
- Receive information about UnitedHealthcare, our services, network physicians and other health care professionals.
- Be informed of, and refuse to participate in, any experimental treatment.
- Have coverage decisions and claims processed according to regulatory standards, when applicable.
- Choose an Advance Directive to designate the kind of care you wish to receive should you be unable to express your wishes.

You have the responsibility to:

- Know and confirm your benefits before receiving treatment.
- Contact an appropriate health care professional when you have a medical need or concern.
- Show your member ID card before receiving health care services.
- Pay any necessary copayment at the time you receive treatment.
- Use emergency room services only for injury or illness that, in the judgment of a reasonable person, requires immediate treatment to avoid jeopardy to life or health.
- Keep scheduled appointments.
- Provide information needed for your care.
- Follow agreed-upon instructions and guidelines of physicians and health care professionals.
- Participate in understanding your health problems and developing mutually agreed-upon treatment goals.
- Notify your employer's human resource department of changes in your address or family status.
- Visit our Web site, myuhc.com®, or call Customer Care at the phone number on the back our your member ID card when you have a question about your eligibility, benefits, claims and more.
- Access our Web site, myuhc.com, or call Customer Care at the phone number on the back our your member ID card to verify that your physician or health care professional is participating in the UnitedHealthcare network before receiving services.

HIPAA Standards for Privacy of Individually Identifiable Health Information

To review our Privacy Policy and Notice of Privacy Practices describing how medical information about our members may be used and disclosed and how members can get access to this information, please visit our Member Web site at www.myuhc.com.

UnitedHealth Premium® Programs

Having trouble finding a physician or facility that's right for you?

Getting information about a doctor or facility can be difficult. That's why UnitedHealthcare has developed and supports programs that provide greater access to information about quality and cost-effective delivery of care.

The UnitedHealth Premium® Physician and Specialty Center Programs.

The UnitedHealth Premium program identifies network physicians and facilities that specialize in cardiac care, spine surgery, joint replacement, neonatal services, congenital heart disease (CHD) and infertility that meet evidence based and nationally published standards for quality care. Quality criteria for each specialty area of medicine and specialty center programs are based on evidence-based criteria, medical specialty society standards and guidance from expert panels. Only physicians and specialty centers that meet the quality criteria are evaluated for cost efficiency in the delivery of health services.

NCQA Physician Recognition Programs

The National Committee for Quality Assurance (NCQA) Physician Recognition Programs help you identify physicians who have met NCQA's quality-based criteria across three important specialty areas of medicine - diabetes care, cardiac care, and stroke care. NCQA is an independent non-profit organization that has developed these programs in association with the American Diabetes Association, the American Heart Association and the American Stroke Association. For further information on NCQA Physician Recognition Programs please visit ncqa.org.

These UnitedHealthcare Premium Programs Offer You:

- **Informed Choice** - We've provided you with important information on physicians and facilities, so you can make an informed choice for you and your family about seeking healthcare that's right for you.
- **Resources at Your Fingertips** - These programs make it easy for you to get information, online or over the phone, so you can spend time focusing on important decisions about your care.
- **Easy Access** - These physicians are part of the UnitedHealthcare network. That means you can easily identify and access designated physicians without a referral.

How to Find a UnitedHealth Premium designated physician

Simply visit myuhc.com®, then click on "Find Physician or Facility," then select "Find a UnitedHealth Premium® physician." Look for these symbols next to your search results:

- ★★ Meets UnitedHealth Premium Quality Criteria and Cost Efficiency Criteria
- ★ Meets UnitedHealth Premium Quality Criteria

NCQA Diabetes Physician Recognition Program

NCQA Heart/Stroke Recognition Program

ABIM Practice Improvement Module: As part of maintaining board certification, physicians complete American Board of Internal Medicine's Practice Improvement Modules (PIMs). The PIM helps physicians evaluate and improve their performance in many clinical areas such as asthma and diabetes.

How to Find a UnitedHealth Premium Specialty Center

Simply visit myuhc.com®, then click on “Find Physician or Facility,” then select “Find a UnitedHealth Premium Specialty Center.” You will be presented with a drop down box of the various specialty center programs. Select the correct program for you. The results will provide you with the specialty center programs that you requested along with how each rated for quality of care and cost efficiency.

The UnitedHealth Premium® designation program is intended as a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com®. You should always consult myuhc.com for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing the physicians from whom you receive care. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please see myuhc.com for detailed program information and methodologies.

Only individual physicians and facilities that meet UnitedHealth Premium designation criteria, or physicians in designated specialties who are part of medical groups that meet UnitedHealth Premium criteria for group practices and who have sufficient claims data for analysis, may be designated. All physicians and facilities that contract with UnitedHealthcare have met credentialing requirements. Regardless of designation, plan enrollees have access to all physicians and facilities in the UnitedHealthcare network. Specialties for which there are no quality guidelines currently established in the program are excluded from evaluation and are noted as such.

EXAMPLES OF MEDICAL SPECIALTIES

ADOLESCENT MEDICINE	—Diagnosis and treatment of diseases or disorders of older children and young adults.
ALLERGY	—Diagnosis and treatment of allergic conditions (i.e. “hay fever”, asthma).
ANESTHESIOLOGY	—Use of medications and substances to prevent or relieve pain during surgery.
CARDIOLOGY	—Diagnosis and medical treatment of diseases and disorders of the heart and its functions.
CHIROPRACTIC	—Diagnosis and treatment which employs manipulation and specific adjustment of body structures.
DERMATOLOGY	—Diagnosis and treatment of diseases and disorders of the skin.
EAR, NOSE & THROAT (Otolaryngology)	—Diagnosis and treatment of diseases and disorders of the ear, nose and throat.
EMERGENCY MEDICINE	—Diagnosis and treatment of medical and surgical emergencies.
ENDOCRINOLOGY	—Diagnosis and treatment of diseases and disorders of the ductless glands (thyroid, pancreas, pituitary, adrenal and ovaries.)
FAMILY PRACTICE	—Physicians who provide medical care to all age groups (including obstetrics, internal medicine, pediatrics, and some surgery in many instances.)
GASTROENTEROLOGY	—Diagnosis and treatment of diseases and disorders of the stomach and intestine.
GENERAL PRACTICE	—Physicians who provide medical care to all age groups as in family practice.
GERIATRICS	—Medical treatment of the elderly.
GYNECOLOGY	—Diagnosis and treatment of diseases and disorders of the female reproductive system.
HEMATOLOGY	—Diagnosis and treatment of diseases and disorders of the blood.
IMMUNOLOGY	—Diagnosis and treatment of the body’s cellular response to fight disease.
INFECTIOUS DISEASE	—Medical diagnosis and treatment of acute and chronic infectious disorders.
INTERNAL MEDICINE	—Diagnosis and non-surgical treatment of diseases and disorders for adults generally over 18 years old.
NEONATAL/PERINATAL MEDICINE	—Treatment and care of the unborn child, premature, and newborn babies.
NEPHROLOGY	—Diagnosis and non-surgical treatment of diseases of kidneys, including kidney dialysis.
NEUROLOGY	—Non-surgical diagnosis and treatment of diseases and disorders of the nervous system.
NUCLEAR MEDICINE	—Diagnosis and treatment of disorders by means of radioactive substances.
OBSTETRICS	—Management and care of pregnancy and childbirth.
ONCOLOGY	—Diagnosis and treatment of cancer and tumors.
OPHTHALMOLOGY	—Treatment of diseases and disorders of the eye.
OPTOMETRY	—Diagnosis and non-surgical treatment of diseases of the eye, including visual problems treated with eyeglasses or contact lenses; illness and injury to the globe of the eye; glaucoma testing and examination of the retina, including dilated eye examinations, as allowed by state law.
PATHOLOGY	—Laboratory study of body tissue and fluids to diagnose disease.
PEDIATRICS	—Care of the development of the infant and child generally between the ages of 0 to 18 and diagnosis and treatment of diseases and disorders.
PHYSICAL MEDICINE AND REHABILITATION	—Use of physical therapy and mechanical aids in the treatment of injury or disease.
PODIATRY	—Diagnosis and treatment of the human foot in health and disease.
PSYCHIATRY	—Diagnosis and treatment of mental conditions.
PULMONARY DISEASES	—Diagnosis and medical treatment of diseases and disorders of the lung.
RADIOLOGY	—Use of X-rays and radioactive materials to diagnose and treat disease and injury.
RHEUMATOLOGY	—Medical diagnosis and treatment of arthritis and rheumatic disorders.
SURGERY	— CARDIOVASCULAR —Surgical treatment of diseases and disorders of the heart and blood vessels.
	— COLON & RECTAL —Diagnosis and surgical treatment of diseases or disorders of the lower digestive tract, rectum and anus.
	— GENERAL —Diagnosis and surgical treatment of disease and injury.
	— HAND —Surgery and treatment of hand disorders.
	— HEAD & NECK —Diagnosis and surgical treatment of disorders of head and neck.
	— MAXILLOFACIAL —Surgery and treatment of face and jaw disorders.
	— NEUROLOGICAL —Surgical treatment of disease and disorders of the brain and nervous system.
	— ORTHOPAEDIC —Diagnosis and surgical treatment of diseases, disorders, and injuries of the bones, joints and tendons.
	— PLASTIC —Surgical treatment for restoration of function or for cosmetic purposes.
	— THORACIC —Surgery of diseases of the chest cavity (excluding heart).
	— UROLOGY —Diagnosis and medical or surgical treatment of the urinary tract and kidneys.
	— VASCULAR —Diagnosis and surgery of blood vessels.

*The examples of medical specialties represented above is a partial listing used for illustrative purposes only.

An Important Note About Our Services

UnitedHealthcare does not provide health services or practice medicine. Rather, UnitedHealthcare arranges for physicians and other health care professionals to participate in a network. Network physicians and health care professionals are independent contractors and are not employees of UnitedHealthcare. UnitedHealthcare makes payment to network physicians and health care professionals through various types of contractual arrangements. These contractual arrangements may include financial incentives (e.g., bonuses, capitation) to promote the delivery of health care in a cost efficient and effective manner. Such financial incentives should not impact your access to covered health services. If you have questions about whether there are any financial incentives in your doctor's contract with UnitedHealthcare, please feel free to ask your doctor. UnitedHealthcare makes decisions about benefit plan coverage. These decisions are administrative decisions and are for payment purposes only. UnitedHealthcare is not liable for any act or omission of a physician or other health care professional.

Our philosophy states that the doctor-patient relationship is sacred — all medical decisions rest between you and your physician. It means freedom to choose, along with the responsibility to act.

You're responsible for choosing your own physician.

You must decide if the doctor you choose is right for you.

You must decide with your doctor what care you should receive.

Your doctor is solely responsible for the quality of the care you receive.

A Special Message to Network Physicians

This directory contains information regarding network physicians, specialists and other health care professionals, as well as network hospitals.

Please note that network physician information is sorted alphabetically by last name, according to office location, then physician specialty. Information for each physician includes telephone number(s), address(es) and hospital affiliation(s).

In the Specialists and Other Health Care Professionals sections, the physician or facility information is sorted alphabetically by specialty, then location. Telephone number(s) are listed for each health care professional.

Please refer to your Physician and Health Care Professionals Administrative Guide for specific information regarding Care Coordination® policies. Please note that UnitedHealthcare cannot guarantee the continuing participation of physicians and other health care professionals currently listed in this directory. To verify a physician's continued participation, please contact the physician's office or your UnitedHealthcare representative to confirm that the physician is still participating in the UnitedHealthcare network.

The directory also contains an alphabetized index for ease of access. This index includes a list of physicians and health care professionals with the corresponding page number where additional information may be found for a particular professional.

Thank you for being a part of UnitedHealthcare. Please contact your local Physician and Health Care Professional Services representative if you have any questions or comments about this directory.

Before visiting one of these health care professionals, check your benefits description or your Certificate of Coverage to make sure the services are part of your employer's plan, and that you meet all of the requirements described in that Certificate.

Your plan may not include coverage of these health care professionals at the network level.

Notice: Although health care services may be or have been provided to you at a contracted health care facility, some professional services may be or have been provided at the facility by physicians and other health care professionals who are not contracted with us. You may be responsible for payment of all or part of the fees for those non-contracted professional services.
